Major roads through the Leeds Metropolitan District

Travel Instructions

Leeds has excellent public transport, cycling and walking facilities and the university's traffic management strategy means there is limited parking at our campuses – we highly recommend that unless you have extenuating circumstances you leave your car at home.

If you have to travel by car the person you are visiting must book you a visitor's space.

There is a free city bus which will pick you up outside Leeds Train station and drop you off outside our Civic Quarter campus. For further information or for other alternatives, please visit http://www.leedsmet.ac.uk/visiting/index_howtofindus.htm or the journey planner on Metro's website www.wymetro.com

Approaches to the City Centre

Leeds is well served by motorway, with links from the M1 and M62.

From the north: A1-A58.

From the east: M62 to J29, then M621 to J3.

From the south/south-east: M1 to J43, then M621 to J3.

From the south-west: M62 to J27, then M621 to J3.

From the west: A65 via Kirkstall.

From the north-west: A660 via Headingley.

Routes Around the City

Inner Ring Road

This road is designed to route traffic away from the centre of Leeds. The main stretch runs in a semi-circle from west [A58(M)] to east [A64(M)]. In the west, it connects with the M621 J2 via the Armley Gyratory and A643; in the east, it connects with M621 J4 via the A61.

City Centre Loop

The City Centre Loop allows traffic to flow clockwise around the City Centre, without having to enter it. There are 18 junctions: Junction 1, City Square, is the one that motorway traffic from the south will feed into.

Routes to the University

Civic Quarter

From the M621 follow Meadow Rd, Victoria Rd and Neville St to City Square. This is City Centre Loop junction 1. Continue until junction 4 (Civic Hall). Keep left and the City Campus buildings will be 400 yards along on the right (beyond the Civic Hall).

Headingley Campus

From Motorways, start as above. As you reach the Civic Hall, and before you come to the Calverley Street buildings, turn right onto Portland Way. At the top of Portland Way, turn left onto the A660. Continue on the A660 for about 4 miles. Headingley Campus is signposted to your left (please note the sign is marked Beckett Park Campus).

Visitors should use the Churchwood Entrance. From the City Centre – go past the BP garage on the A660 (Otley Road) and turn left after the pedestrian crossing. From the ring road (A6210) – go past the Village Hotel, through the traffic lights and turn right before the pedestrian crossing.

Parking

Civic Quarter

There are no parking spaces available for students at the Civic Quarter sites.

Visitors must have a space booked for them by the person they are coming to see.

On-street parking

Short-stay on-street parking is available on Calverley Street, Cookridge Street, Rossington Street, Wade Lane, Belgrave Street and Cross Belgrave Street. Spaces tend to be taken pretty quickly by shoppers after 9am.

Charges: 20p for 20 minutes. Maximum stay 2 hours.

Car parks

Most visitors choose to park in the multi-storey car park opposite the University on New Woodhouse Lane. From Calverley Street, turn into Portland way, then left onto Woodhouse Lane. Turn right at the junction into Blackman Lane, then right again into New Woodhouse Lane. Keep left, take the slip road leading to the inner Ring Road, and the entrance to the car park is on your immediate right (just after the junction).

Alternatively, parking is available below The Rose Bowl building – tariffs are shown below.

Other car parks are available on Cookridge Street, Woodhouse Lane (Morrison's), Merrion Way, Merrion Street (St. John's Centre) and Elmwood Street (behind the Brunswick Building).

Variable message signs around the city centre indicate when car parks are full/nearly full.

THE ROSE BOWL PUBLIC CAR PARK 

This car park operates a pay-on-foot system. Take a ticket on entry and pay at a machine before returning to your vehicle and exiting.

For your safety and consideration of all car park users, please park fully within the marked bays only.
